

WORKS NOTIFICATION

Day works

November 2018

Day works will be happening near you soon, as part of planning for North East Link.

Where

Both sides of the Eastern Fwy between Bulleen Rd and Doncaster Rd.

When

Works are planned to take place in your area from 19 November 2018.

Schedule is subject to change and is kept up-to-date on our website.

What we are doing

We'll be digging small trenches and potholes to confirm the location of underground services. This involves:

- Using a road-saw if necessary to cut into the road or ground, and then using high-pressure water and a vacuum to dig a hole or narrow trench to carefully verify where underground services run.
- Ensuring the safety of walkers, cyclists and workers, and keeping traffic moving.
- Reinstating the site once investigations are complete.

These works will not impact your property or access, but you may notice:

- Noise due to the road-saw, high-pressure water, vacuum truck and site vehicles when in use.
- Lighting around work areas and to direct traffic.

Traffic controllers will direct traffic, cyclists and walkers around our work sites if necessary. To stay safe please obey instructions and signs.

We will reinstate the work areas once investigations are complete.

If you have any questions, please contact us on **1800 105 105**.
