

Works Notification

Night Works

January 2019

The North East Link Project is continuing investigations and technical studies to better understand local ground conditions to assist with the planning for North East Link.

What we are doing

The Pavement Dipping (PD) works will involve:

- Using a road saw to cut a rectangular section in the middle of the road pavement
- Remove road materials using an excavator
- Measuring the strength and depth of ground conditions by conducting a Dynamic Pressure Tests (DPT), a cone tipped rod tapped into the ground up to half a metre deep using a 9 kg weighted hammer
- Excavating to a maximum depth of 1.5 m and collecting soil samples
- Reinstating the road surface using a vacuum truck and vibrating roller

Where and when

Watsonia North - Rosanna:

- PD1 - PD38- Wednesday 16 January to Sunday 20 January 2019
- We expect works at each location to take up to three hours over a night
- We will be working from 10pm to 5am, Sunday to Thursday
- Schedule is subject to change, visit: northeastlink.vic.gov.au/project/site-works for all schedule changes

Carrying out these works at night is safer

for our workers, local residents and reduces traffic impacts.

These works will not impact your property or access.

What you may notice

- Noise due to the road saw, excavators, vacuum truck, vibrating roller and site vehicles when in use
- Lighting facing towards our work areas and to direct traffic
- Traffic controllers and signage will be in place to direct traffic through our work sites. To stay safe please obey all instructions and signs.

If you have any questions, please contact us on 1800 105 105.
