

WORKS NOTIFICATION

Night works

November 2018

Night works will be happening near you soon, as part of planning for North East Link.

Where

- On Thompsons Rd between Bulleen Rd and the out bound onramp to the Eastern Fwy
- On and next to Bulleen Rd adjacent to the Freeway Golf Course

When

Works are planned to take place in your area from Sunday 25 November until mid-December 2018.

Schedule is subject to change and is kept up-to-date on our website.

What we are doing

We'll be digging small trenches to confirm the location of underground services. This involves:

- Using a road-saw to cut into a road then using high-pressure water and a vacuum to dig a narrow trench to carefully verify where underground services run.
- Ensuring the safety of walkers, cyclists and workers, and keeping traffic moving.
- Reinstating the site once investigations are complete.

Carrying out these works at night is safer for workers and residents, and reduces traffic impacts.

These works will not impact your property or access, but you may notice:

- Noise due to the road-saw, high-pressure water, vacuum truck and site vehicles when in use.
- Lighting around work areas and to direct traffic.

Traffic controllers will direct traffic, cyclists and walkers around our work sites. To stay safe please obey instructions and signs.

We will reinstate the work areas once investigations are complete.

If you have any questions, please contact us on **1800 105 105**.
