

# Works notification

August 2020

## Day works

### Traffic signal works on Bulleen Road

Work has started to build North East Link. We're moving close to 100 above and underground services such as power, water, gas, sewerage and telecommunications to make way for North East Link.

From Wednesday 2 September 2020, works will commence to install new traffic signals on the corner of Greenaway Street and Bulleen Road, Bulleen. The new traffic signals will provide a safe right-hand turn movement in and out of Greenaway Street onto Bulleen Road.

The new traffic signals will also allow pedestrians to safely cross Bulleen Road at Greenaway Street.

Works to install the new signals will take approximately five weeks.

### Construction snapshot

- Installing new traffic signals and additional street lighting at the intersection
- Installing new pram crossings and tactile tiles
- Pavement cutting works
- Line marking works

### What you may experience

- Speed reductions and lane closures on Bulleen Road and Greenaway Street during off peak times
- Traffic controllers directing pedestrians around the worksite
- Access to properties will be maintained at all times during the works

Schedule is subject to change.

Visit [northeastlink.vic.gov.au/works](http://northeastlink.vic.gov.au/works) for schedule changes.

If you have any questions, please contact us on **1800 105 105**.

### When are we working

9:00am to 3:30pm, Monday to Friday  
7:00am to 5:30pm, Saturdays and Sundays

To stay safe, please obey all instructions and signs.

**We appreciate your patience and understanding throughout these works.**

The North East Link Project is an important state infrastructure project. Early works will continue under stage 4 restrictions, with strict health and safety measures in place.

Our workforce numbers across Victoria's Big Build have already been significantly reduced to support directions from the Chief Health Officer.

We are continuing to focus on managing the number of staff and visitors attending our worksites, as well as implementing preventative measures to ensure safety.

Safety measures across the site include temperature screening, additional protective equipment including masks, daily health screening of workers, enhanced cleaning, staggered shifts and break times, and physical distancing.

For more information about coronavirus (COVID-19) visit [coronavirus.vic.gov.au](http://coronavirus.vic.gov.au)

### Safety is our key priority

Reduced staff contact

Hygiene

Cleaning shared spaces and touchpoints

Use of personal protective equipment

Staggered shifts

Face coverings

To help support the Victorian Government's stage 4 restrictions while still making sure people know about what's happening in their area, we've temporarily changed the way we'll notify you about upcoming works. We're now using Australia Post instead of hand-delivering notices.
