Health and safety

North East Link works are progressing safely under the current Second Step restrictions in metropolitan Melbourne.

You may notice an increase of workers on Victoria's Big Build projects as restrictions on construction sites start to ease. Large-scale public infrastructure projects are critical and strict COVIDsafe Plans are in place on all project sites across Victoria.

The health and safety of our workforce and community remains our top priority. Workers on all of Victoria's Big Build sites are required to wear face masks unless they meet any of the criteria for exception – such as a medical condition for Occupational Health and Safety guidelines.

Physical distancing measures are in place as well as increased hygiene practices.

Keeping you informed

To help support the Victorian Government's Second Step coronavirus (COVID-19) restrictions, we've temporarily changed the way we'll notify you about upcoming works, to make sure people still know what's happening in their area.

Please sign up to our email updates via North East Link's website northeastlink.vic.gov.au so we can continue to keep you informed about works in your area.
