

# Works Notification

17 September 2020

## Use of Winsor Reserve, Macleod Staff training for cultural heritage management

Work is continuing to build North East Link with **strict health and safety measures in place**.

As part of this work, our site teams are required to receive short cultural heritage training sessions to ensure all workers adhere to the correct procedures when working in Aboriginal and culturally historic significant locations.

These sessions need to be completed outdoors and will be carried out in Winsor Reserve, Macleod, with strict safety protocols in line with government restrictions.

### Induction information

Inductions in Winsor Reserve, Macleod will be held up to two times a week from **28 September** and will start at **7.30am** for up to two hours. There will be approximately 20 attendees at each induction session.

The induction sessions will be held on the oval to ensure that attendees adhere to 1.5m physical distancing and will adhere to government requirements.

Attendees will park at Somers Avenue to minimise impacts to local residents.

If you have any questions or require further information, please do not hesitate to contact our community engagement team on 1800 105 105 or via email on [NorthEastLinkEarlyWorks@cpbcon.com.au](mailto:NorthEastLinkEarlyWorks@cpbcon.com.au)

**We appreciate your patience and understanding throughout these works.**

The North East Link Project is an important state infrastructure project. Early works are continuing under Government restrictions, with strict health and safety measures in place.

Our workforce numbers across Victoria's Big Build have already been significantly reduced to support directions from the Chief Health Officer.

We are continuing to focus on managing the number of staff and visitors attending our worksites, as well as implementing preventative measures to ensure safety.

Safety measures across the site include temperature screening, additional protective equipment including masks, daily health screening of workers, enhanced cleaning, staggered shifts and break times, and physical distancing.

For more information about coronavirus (COVID-19) visit [coronavirus.vic.gov.au](https://coronavirus.vic.gov.au)

### Safety is our key priority

Reduced staff contact

Hygiene

Cleaning shared spaces and touchpoints

Use of personal protective equipment

Staggered shifts

Face coverings

To help support the Victorian Government restrictions while still making sure people know about what's happening in their area, we've temporarily changed the way we'll notify you about upcoming works. We're now using Australia Post instead of hand-delivering notices.
