Day works

Investigative works

Early works for the North East Link Project are well underway with the removal of around 100 above and below ground services ahead of major construction on Victoria's biggest road project from 2021. As part of these works CPB Contractors are completing soil testing before construction of the Yarra East Main Sewer.

What we'll be doing

CPB Contractors is identifying underground utility services and completing geotechnical investigations, which includes:

- Scanning the ground to locate services with handheld electronic equipment
- Using a hand auger and hand tools to take ground samples
- A drill rig to bore small diameter holes up to 10m deep to take ground samples
- Reinstating the work site when investigations are completed.

Where and when we'll be working

- **Boroondara Tennis Centre, 150 Bulleen Road, Balwyn North**
- **Manningham Hotel and Club, 1 Thompsons Road, Bulleen**
- **Carey Grammar Sports Complex, 156 Bulleen Road, Bulleen**
- **Bulleen Park Oval No. 1, 189 Bulleen Road, Bulleen**
- **Veneto Club, 191 Bulleen Road, Bulleen.**

These investigations will take place between **Friday 2 October** to **Friday 16 October 2020**.

Please note dates are subject to change. These are day works from 7am to 6pm, Monday to Friday.

What this means for you

During these works you may notice:

- Work crews in the area
- Noise from plant and equipment, such as a drill rig, light vehicles and generators
- Dust from the work site.

Mitigation measures, which may include noise blankets and noise barriers, will be used to minimise local disruptions. Traffic controllers will be in place near the works to guide you safely through the area.

Our community engagement team will be onsite and available to assist residents during the works.

To stay safe, please obey all instructions and signs.

We appreciate your patience and understanding throughout these works.

Schedule is subject to change.

The North East Link Project is an important state infrastructure project. Early works are continuing in line with Government restrictions, with strict health and safety measures in place.

We are continuing to focus on managing the number of staff and visitors attending our worksites, as well as implementing preventative measures to ensure safety.

Safety measures across the site include temperature screening, additional protective equipment including masks, daily health screening of workers, enhanced cleaning, staggered shifts and break times, and physical distancing.
