

Upcoming day works for North East Link

Changes to site investigation work dates near you.

Previously we let you know daytime drilling works would take place Koonung Creek Trail, Sweyn Street from Monday 12 April to Tuesday 13 April. Due to changes in our work schedule, these works will now happen mid-April.

What we'll be doing

We'll be doing more soil testing in your area over the coming months. This involves:

- using a drill rig and support trucks to establish a bore hole
- drilling a bore hole 15 to 25 metres deep and 15 centimetres in diameter
- restoring the site after works are complete.

Where and when we'll be working

Koonung Creek Trail, Sweyn Street, Balwyn North

- Wednesday 21 April to Monday 26 April.

What this means for you

Drilling works will take place between 7:00 am and 6:00 pm, Monday and Tuesday. While these works will not impact your property, you may notice:

- noise generated from the high pressure water and vacuum truck, drilling rig and support trucks when in use
- all equipment is contained within security fencing.

To stay safe, please obey all instructions and signs.

We appreciate your patience and understanding throughout these works.

Schedule is subject to change. Visit northeastlink.vic.gov.au/works for schedule changes. If you have any questions, please contact us on 1800 105 105

Health and safety

The health and safety of our workforce and community remains our top priority. Physical distancing measures are in place as well as increased hygiene practices.
