

# Works notification

3 May 2021

## Day works

### Service investigations in Greensborough and Watsonia North

We're identifying utility services and conducting geotechnical investigations to make way for the North East Link.

Works are continuing to relocate services to make way for the North East Link. Investigation works are required to inform the design for the relocation of several gas services that are within the North East Link corridor.

There will be no disruption to your gas service while we undertake these investigative works.

#### What we'll be doing

From **Monday 10 May 2021**, CPB Contractors will be identifying underground utility services and conducting soil sampling at Kalparrin Avenue, Yando Street and Pinehills Drive in Greensborough, followed by Kempston Street and Frye Street in Watsonia North.

These works will take approximately two weeks to complete and will involve:

- Using scanners and radars to locate services.
- Non-destructive digging (NDD) to carefully expose underground services and verify their location. This involves using high pressure water and a vacuum truck to dig/pothole and the use of a concrete saw to cut into pavement.
- Soil sampling investigations including drilling boreholes to allow ground samples to be taken.
- Temporary changes to traffic conditions including local road closures, detours, lane closures, reduced speeds, traffic and pedestrian management as required.

#### When are we working

From **Monday 10 May** for 5 days, works will occur along:

- Kalparrin Avenue, Greensborough
- Yando Street, Greensborough
- Pinehills Drive, Greensborough

Starting from Kalparrin Avenue, these works will involve **lane closures** and a **partial intersection closure** at Hailes Street and Kalparrin Avenue. Detours will be in place to direct road users around the works and residential access will be maintained.

From **Monday 17 May** for 5 days, works will occur along:

- Kempston Street and Frye Street (including Sellars and Trist streets between Kempston and Frye streets in Watsonia North)

These works will involve **lane closures** and **partial intersection closures**. The first partial intersection closure will be at Trist and Frye streets, followed by a second partial intersection closure at Fyre and Grimshaw streets. Each closure will be in place for no longer than a day with only one in place at a time. Detours will be in place to direct road users around the works and residential access will be maintained.

**Working hours:** Monday to Friday, 7am to 5pm.

#### Health and safety

The health and safety of our workforce and community remains our top priority. Physical distancing measures are in place as well as increased hygiene practices. For more information about coronavirus (COVID-19) visit [coronavirus.vic.gov.au](https://coronavirus.vic.gov.au)

## What this means for you

During these works you may notice:

- Our crew working in the area.
- Noise from large equipment including excavators, concrete cutting saws, a drill rig, jack hammering and vacuum and tip trucks.
- Temporary changes to traffic conditions, including local road closures, lane closures, detours, traffic controllers directing traffic and reduced speed limits.
- Residential access will be maintained. There may be times when access to driveways may be interrupted and residents will be notified in advance.

- Pedestrian and cycle access changes may be required in some locations. Refer to signage in place.
- Bus Route 566 (Northland Shopping Centre to Lalor) will experience minor delays due to lane and local road closures at Frye Street, Watsonia North.

Our community engagement team will be available to assist residents during these works. Safety is our priority and we ask for your assistance with following instructions and signage.

**We appreciate your patience and understanding throughout these works.**
